

Dhruv Srivastava

Student

Hello Everyone, I am currently preparing for Competitive Programming and also doing Web Development on the side, I have tried to work on some the projects such as Personalized Online Piano and Online Music Listening App. I am also focusing to learn some extra skills along with theoretical knowledge. I am looking for an internship in a company in order to gain work experience and also to test my skills in the real world.

EDUCATION

Bachelor in Technology

Indian Institute of Information Technology,
Bhagalpur

04/2022 - Present

Courses

- B.Tech in Computer Science

PERSONAL PROJECTS

Online Personalized Piano (11/2022 - 12/2022)

- In this project I have built a Piano whereon clicking the keys on the keyboard the same sound is played which will be played when anyone plays an actual piano in real life. We have limited the keys till 24 only so that it does not become clumsy.

Online Music Listening App (12/2022 - 12/2022)

- In this application I have developed a Music App Clone named as Music 2.0. I am currently working on the further development of this website. I have used HTML, CSS and JavaScript in the making of this application.

CRAFTSTHAN (03/2022 - Present)

- This was the project made by my team for Smart India Hackathon in the year 2022. In this we created an online marketplace for the local artisans.

WORK EXPERIENCE

Marketing Team Lead

GDSC Club IIIT Bhagalpur

10/2022 - Present

Achievements/Tasks

- My task was to inform the students about various events organized by the GDSC Club of our college and to try and ensure maximum participation. I had to supervise the marketing of the events at all the social media platforms in accordance with the social media designing team.

Contributor

Hacktoberfest

10/2022 - 10/2022

Achievements/Tasks

- I contributed to a total of 15 open source repositories out of which 8 were accepted.
- These repositories were in various fields such as algorithms, coding and web development.
- My task was to fix the pull requests present in the repositories.
